BOFFINBOT®

THE COMPLETE ROBOTIC S.T.E.A.M. EDUCATION SOLUTION

Fun introduction to robotics, electronics, and coding.
Tinker and experiment with Arduino UNO starter kit.
Develops logical thinking, creativity and tech skills.
Aligned to the robotics and coding curriculum.

BoffinBot Box Kit #1

Learn the basics of building a robot, circuits and code.

BoffinBot Box Kit #2

Begin assembling your BoffinBot®, and increase your level of electronics and coding knowledge.

BoffinBot Box Kit #3

Your BoffinBot® comes to life, and capable of performing a number of tasks.

Inspiring a New Generation of Creators and Innovators
